

HP Chromebox

Boost productivity in the office with the affordable and easy to manage HP Chromebox. Get easy access to data and effortless collaboration with your team using cloud based Google Apps for Business.

Build a more effective office with the affordable HP Chromebox. Fast start-up and browsing,¹ plus access to cloud-based productivity apps and storage help keep you and your business productive.

- Access email, create documents, edit presentations, and video conference with Google Apps. Keep all your projects in focus with the Chrome Web Store and customize your HP Chromebox with the latest apps, tools, extensions and themes.²
- Get teams together from across town or from all over the world using optional Google Chromebox for meetings.³
- Enjoy fast reliable wireless connections with built-in Wi-Fi and Bluetooth® wireless technology.⁵

Free up your workspaces with the impressively small, contoured, and sleek design of the HP Chromebox. At just 4.96 in. x 4.88 in. x 1.53 in. it fits almost anywhere.

- Easily attach your HP Chromebox behind a display or secure it to any flat surface using the integrated VESA mount.⁶
- Make the most of small work spaces with an optional HP Integrated Work Center⁴ for your HP Chromebox. Combine a display⁷ with your HP Chromebox and get convenient front access to all of its inputs.
- Make mounting and securing your HP Chromebox easier with the HP Quick Release Mounting Bracket.²

The HP Chromebox has security² features you need to protect your data along with optional manageability features² that help reduce downtime and free up time spent on user support.

- A verified end-to-end boot process deters attacks, to help keep your data safe.
- Access the web and apps with confidence. Chrome OS™ provides a maintenance free experience with automatic software updates of apps, calendar events, email and messages.⁵
- Google's optional management console² is an easy to use online management tool that can be used to deploy, track, and manage all the HP Chromebox units in your fleet.

Dual Monitor capability through HDMI and DisplayPort.

- Help increase productivity by up to 35%⁷ with support for up to two independent full-HD displays.²

Messaging Footnotes

¹ Internet service required and not included.

² Sold separately or as an optional feature.

³ Chromebox for Meetings is sold separately or as an alternate feature. Chromebox for meetings requires an Intel Core i7 processor.

⁴ The IWC is sold separately. The IWC is compatible with select displays up to 24 diagonal inches and select HP Desktop Mini PCs, HP Thin Clients, and the HP Chromebox. See product QuickSpecs for exact device compatibility.

⁵ Wireless access point and internet service required. Availability of public wireless access points limited.

⁶ The VESA mounting pattern will not work on the back of a display or flat surface without an HP Quick Release or other optional mounting device.

⁷ "Observed Productivity, Efficiency and User Satisfaction when Using Multiple or Large Displays," Koala LLC Ergonomics Consulting, November 6, 2012.

Technical Specifications Footnotes

¹ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

² For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 7 GB may not be available due to operating system needs.

³ Gigabit ethernet speeds may vary.

⁴ 802.11 requires wireless access point and internet service. Availability of public wireless access points limited.

⁵ HD content required to view HD images.

⁶ Integrated Intel HD graphics uses part of the total system memory for video performance. System memory dedicated to video performance is not available for other use by other programs.

⁷ Optional or add-on feature.

⁸ The HP Keyed Cable lock is an optional or add-on feature.

⁹ External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.

¹⁰ Requires internet access and a Google account.
