

Thin is in!

When it comes to portability, thin is definitely in! Check out Howard's sleek new ultra-thin notebook, the 1361S. At less than an inch thick, and weighing only 2.8lbs, this little beauty travels like a pro. It's powered by the latest Intel® Core 2™ ULV processors, features a WXGA 13.3 graphic-enhancing LCD, and has up to 4GB of memory. Optimized energy-efficient technology enables longer battery life so you can stay unplugged longer, and run all your favorite applications flawlessly. Get the best in both form and function—Howard's 1361S.

Howard Technology Solutions recommends genuine Microsoft® Windows® 7.

Q: What types of media does the 2-in-1 card reader support?

A: The 2-in-1 card reader supports Multimedia Card (MMC) and Secure Digital (SD), including SDHC.

Q: What is WXGA?

A: The 13.3" WXGA is designed in a widescreen format. This format provides a 16:9 ratio picture that allows the user to view movies in the widescreen format, providing a more cinematic experience. It also enhances usage by providing more desktop real-estate to help increase productivity.

Q: What is the average battery life for the 1361S?

A: The 4 cell battery lasts approximately 3.25 hours and the 8 cell battery lasts approximately 5.0 hours under normal usage

Q: How do I enable/disable the webcam on my 1361S?

A: Press the Fn + F6 keys together to enable/disable the onboard webcam.

Q: How do I enable/disable the Bluetooth and wireless LAN on my 1361S?

A: Press the Fn + F11 keys together to cycle through the wireless network options on your 1361S.

Q: Whom should I contact for support?

A: Call Howard Technology Solutions for world-class support and service if there are any questions about the notebook. Customer support is available- Online at <http://www.howardcomputers.com/support>, By phone at 1.888.323.3151, Via email at tech@howardcomputers.com or Through conventional mail at Howard Technology Solutions, 36 Howard Drive, Ellisville Mississippi, 39437.
