

Tacticomm wins the 2009 Intel ISS Award for Most Innovative Mobile Solution.

Intel honored Howard Technology Solutions with its 2009 award for the Most Innovative Mobile Solution at the annual Intel Solutions Summit held in Las Vegas, Nevada.

The Intel Solutions Summit is one of the most significant conferences of the year for Intel, and the industry, as it recognizes and awards channel member businesses for their development of exemplary customer solutions during the past year. Selections are made each year from a group of nominations based on their dedicated use of Intel technologies to provide their customers with empowering solutions. This year, Howard was selected for this prestigious award for Tacticomm, their new Modular Command and Control solution.

"Howard's Tacticomm product is a prime example of the how our Premier Channel Partners utilize Intel building blocks to create innovative life changing solutions used in everyday life, we are very proud of Howard's accomplishment."

- Eric Thompson, Intel's Director of North American Sales & Distributor Marketing.
