WE HELP YOU MAKE AN IMPACT IN THE CLASSROOM

Winter - Spring 2019
Why NewLine?

Newline Interactive is a manufacturer of award-winning interactive displays, intuitive software, and other interactive innovations that are easy to use and increase student engagement in the classroom. We are THE choice for schools looking for simpler solutions to help their teachers and students succeed.

We believe that truly successful and innovative products should be easy for anyone to use. Each product Newline has introduced follows their principle of simplicity, making each interactive flat panel user-friendly and completely non-proprietary.

It is your passion to teach. Newline Interactive gets students excited to learn.

Founded to develop interactive solutions that are:

The Easiest-to-Use on the Planet
This is the cornerstone of Newline and it is the key to our success. If a solution is not easy to use, we won’t bring it to the market.

Completely Non-Proprietary
We work in your world. Our displays work with:

And more!
Educators love Newline because we offer:

- Always free software!
- Free training!
- Free shipping!
- Free technical support!
- Free wall mounts!
- All inclusive warranty!
Our Products

**TRU TOUCH RS Series**

**Visual Masterpiece.**

Bring your lessons to life with the TRU TOUCH RS Series line of multi-touch displays.

With interactive flat panels, students become part of the lesson, actively engaging in their learning.

Capture student interest with a display that leads the industry in brightness, clarity, and student engagement.

- **Intuitive & Easy to Use**
- **Completely Non-Proprietary**
- **20-Point Multi-Touch**
- **Stunning Ultra High Definition**
- **Always Free Software**
- **Education Specific User Experience**
- **Wireless Screen Sharing**
- **Share Files Straight to the Cloud**
- **Object Recognition**

With the TRU TOUCH VN Series and its object recognition ability, the panel recognizes whether you’re trying to write, swipe, click, or move.

Take your lessons to the next level and ensure engagement and interest from your students.

Capture student attention on a display with an improved viewing angle and best in class image quality with our unique optical bonding technology.
Our Products

TRU TOUCH X Series

Collaboration with Endless Possibilities.

Connect your classroom to the wide world outside with the TRU TOUCH X Series, a display built around ease of use and video conferencing.

The non-proprietary nature lets you interact your way both in the classroom, teacher training, or administrative meetings.

Explore distance learning, attend a virtual field trip, or host an internal training on a display with best-in-class image quality and our unique optical bonding technology. The only all-in-one collaboration solution for your educational needs.

Intuitive & Easy to Use

Completely Non-Proprietary

20-Point Multi-Touch

Built-In Cameras & Microphone

Always Free Software

Optical Bonding Technology

Wireless Screen Sharing

Share Files Straight to the Cloud

Object Recognition
Newline AirCast

Effortlessly share your presentations with a wider audience. Cast directly to your TRU TOUCH from any smaller mobile device, such as a laptop, tablet or smartphone. All you need is a wireless connection!

TRU TOUCH File Commander

Seamlessly access all of your local files on an easy to navigate system. The TRU TOUCH File Commander is designed for effortless sharing. Quickly upload and share files and screenshots right to your cloud storage.
**Accessories**

**Android Mini-Computer**

Give your TRU TOUCH a bigger boost. Connect the X10D to your TRU TOUCH and download your favorite apps from the built-in Google Play Store.

Use your finger to interact with the intuitive screen. Customize the X10D home menu to make accessing your favorite apps easier than ever.

With access to over a million apps, the X10D brings you the programs you need right to your display in a high performance, easy to use mini-computer.

---

**TRUCAST**

Lose the wires, not the connection. The TRUCAST wireless interactive presentation system connects multiple devices to your TRU TOUCH.

Show and compare your students’ answers instantly by projecting up to four different devices onto your interactive screen at once.

TRUCAST wirelessly connects like a router, bringing your classroom non-proprietary connectivity that is easy and secure for your network.
Open-Pluggable Specification (OPS) Computer

Each TRU TOUCH display comes with an OPS slot, allowing you to attach an OPS computer.

No more worrying about cables or going through the steps of connecting a laptop or desktop directly to the TRU TOUCH display. Having an OPS on-board computer plugged directly into your display makes it easier than ever to use a computer in class.

Newline also sells the OPS units to give your displays the full power of a desktop or laptop computer.

Mobile Stands

Give your displays the freedom from being always stuck on the wall.

Adjustable mobile stands allow you to better position your TRU TOUCH display on a unit that can be wheeled in and out of a classroom.

Adjustable designs let you put your display at the height and tilt options that fit best for your classroom. Adjust the height so that your students can still touch and interact directly with the screen, no matter how small.
What sets IdeaMax apart from the rest is simple - it’s easy to use!

Between using familiar icons you know and its intuitive design, IdeaMax saves you time in class.

Upload photos and videos right into your IdeaMax slides. Easily annotate over anything on the screen, and quickly save, export, or email your lesson out when you are done.

Experience lessons that flow seamlessly and easily, all from a platform independent software. No training necessary.

Oktopus is the perfect solution for 1:1 programs, flipped and blended learning classrooms.

Create live, collaborative lessons using 70+ subject-specific teaching tools, polling questions, and group collaboration over a Local Area Network (LAN).

Oktopus is available in over 42 languages with multi-touch and pen support, making it great for any classroom, anywhere.

Extend learning beyond the classroom by providing lessons and assessments for students to access at any time.
Newline’s commitment to quality and your school’s success extends past the initial purchase. We provide:

**On-Demand Technical Support**

Should a question or issues arise from educators or technical staff, Newline provides you with multiple ways to get further assistance.

Newline provides continuous U.S. based technical phone support, email support through our Helpdesk Ticket System, and remote desktop support.

You will always have an answer at your fingertips by using our online support knowledgebase. Be in control of finding the answer to any question, any time, with our completely comprehensive self-help system.

- Phone Support
- Email Support
- Remote Desktop Support
- In the Field Technicians

From Our Customers

Kenneth Daigre  
Port Arthur Independent School District

“The teachers went bananas when they saw the TRUTOUCH in use. We’re so excited to have this level of technology for our classes because they never thought we’d be able to afford it.”

Cynthia Herndon  
Roman Catholic Diocese of Dallas

“Newline’s products are engaging our students in classrooms across the Diocese and our teachers love them for their ease-of-use. Besides their outstanding products, we also value the level of technical support and on-site training that Newline provides to us whenever we need it. Thank you Newline!”

Steve Doughty  
Eisenhower Middle School

“I have been absolutely blown away by the quality and features of the product! Adding the TRUTOUCH system capabilities to our classroom has made a lasting, permanent and positive impact on the educational experience at our school!”

Jacquelyn Cumby  
Dallas Independent School District

“I’ve evaluated numerous displays over a long period of time. Our reasons for selecting Newline are that the displays are easy to use and they’re easy to train how to use. The biggest benefit of working with Newline is their service and warranty... Their warranty service exceeds all others.”

Jennie Fitzgerald  
Jose “Joe” May Elementary School

“Every single thing we do is up there on the big screen. From learning, interactive videos, or interactive activities that you can use, to putting anything under the projector part and writing on the TRUTOUCH. I have taught for 23 years and I’ve never had an interactive touch screen like this, so this is amazing”

Jennie Fitzgerald  
Jose “Joe” May Elementary School

“Every single thing we do is up there on the big screen. From learning, interactive videos, or interactive activities that you can use, to putting anything under the projector part and writing on the TRUTOUCH. I have taught for 23 years and I’ve never had an interactive touch screen like this, so this is amazing”

Tim Salm  
St. Joseph’s College

“In a generation that has grown up with the iPhone and touchscreen technologies, the TRUTOUCH interactive touchscreen makes sense to students and they respond positively (and intuitively) to it.”

Kelley Watson  
MacArthur High School Entrepreneurship Program

“Using the TRUTOUCH system allows the students to show their work on a larger surface, annotate anything that they need to make changes on, and it involves a group setting.”

Thuy Nguyen  
Dr. Emmett J. Conrad Global Collegiate Academy

“I use TRUTOUCH 99% of the time... The only time I don’t use it is when I’m giving a test.”

Mark Baratta  
University of Washington

“People here have found the X7 to be very easy to use, so easy that they often do not need assistance from local technical support. This, of course, means that those of us doing technical support like the X7 a lot!”
Other Great Schools We’ve Worked With

**Karina Garcia**
St Bernard of Clairvaux Catholic School

“Our TRUTOUCHs are very easy to use and that means more teachers and students are really using them! We are so pleased that we have these tools in our classrooms!”

---

**David Flynn**
Macon County School System

“We chose the TRUTOUCH from Newline after trying out a couple options. All our classrooms have SMARTboards but as the older ones were needing replacing, it was clear it was time to move to another device. As a G Suite district and invested in Chromebooks, the TRUTOUCH was a clear winning choice. The Chrome compatibility, advanced features, and their support have made this a real winner for the classrooms in our district.”

---

**Matthew Hight**
Jose 'Joe' May Elementary School

“We can use [the Android system] so the kids can write and work out problems on the whiteboard.”
