

Chrome Isn't Complete without the White Glove Experience

Resellers, with the Chrome White Glove Service from SYNEX, you can simplify your post-sale support while increasing the value of every Chrome installation.

Let SYNEX take care of your Chrome customers. With our White Glove Service:

- Chromebooks are deployed directly to students – no configuration necessary
- Chromebooks come ready to use on each school's network, so passwords do not need to be shared
- Chromebooks are locked so only the authorized students and teachers can use the devices
- All required applications are downloaded automatically to the Chromebook when a student logs in
- No network slowdown during large Chromebook deployments
- Chrome Community Members receive priority order processing in queue
- Custom logistics and deployment services available for an additional fee

The White Glove Service is the perfect complement to any Chromebook installation that includes

- Chromebooks
- Any needed network upgrades
- The Chrome OS Management Console

For technical questions regarding the White Glove Service, please email chromepros@synnex.com or call 864-223-1324.

To include the White Glove Service in your Chrome solutions, email the SYNEX Chrome experts at chrome@synnex.com.
