

# HOWARD ONE

The Howard One model series combines the best design aspects of our custom indoor and outdoor designs, yet delivers the simplicity and economy of a standard product. This highly versatile platform integrates smoothly with any indoor work environment, with standalone, wall-mounted, and through-wall mounting options available. Additionally, its rugged design, equipped with adjustable AC control and a watertight seal, grant it longevity in the face of the elements and make it a simple, viable, and economical option for outdoor deployment. Designed for virtually any feature mix, the One can accommodate peripheral options including a card dispenser, key pad, signature pad, or additional cash box.
