

Smaller Design. Same great features.

The customer-influenced MobileLoc15 incorporates all of the great features as the bigger carts in a smaller, compact design. It accommodates up to 15 notebooks with individual pull-out trays that store the notebook and manage the cords for that particular unit. Electrical outlets are located in every tray, and the small footprint allows easy movement of the cart and allows for easy storage.

Experience the Howard advantage.

Sturdy handles allow easy mobility and control.

Included presenter's module adds style and functionality.

Heavy-duty balloon wheels roll easily and quietly.

Features and Benefits

- Notebook trays pull-out from both sides, allowing quick access to notebooks and cables
- Four 5" heavy-duty locking balloon casters roll easily and quietly on uneven surfaces
- One standard ergonomic handle provides control and mobility
- Standard 20' Retractable 13-amp power cord reel provides quick and easy power-access
- Low-profile, flush-cup, two-point locking doors on the front and back provide security and easy-access to the front and rear of the unit
- Conveniently-located 15-outlet power strip provides easy charging
- One seven-outlet insured power strip with surge-protector and 12' cord for additional peripherals
- Scratch and impact resistant 1-1/16" High pressure laminate worksurface
- Ventilated side and door panels help dissipate heat
- Cable grommets and wire management located in each tray keep wires and cords organized
- Guaranteed to be free of all defects in materials and workmanship with a 5-year warranty
- Includes presenter's module
