FREQUENTLY ASKED QUESTIONS

Q: What are Dual-Core processors?
A: Dual-Core processors are processors that have two complete execution cores in one processor package running at the same frequency. Both processors share the same packaging and the same interface with the chipset memory. However, they operate as distinct execution cores to provide next-generation performance.

Q: What is NVIDIA Quadro NVS 210S Video?
A: The Quadro™ NVS 210S GPU features a revolutionary design that delivers best-in-class performance on today's hottest games and applications. NVIDIA GPU Motherboard Solutions are the only GPU's in their class to support Microsoft® DirectX® 9.0 Shader Model 3.0. These GPU's power the latest effects without compromising performance.

Q: Does Howard Technology Solutions offer installation services?
A: Yes, Howard Technology Soutions has a Network Services Group that can do installation of systems as well as network security analysis and other technical services. Call us today for a quote.

Q: What is LifeGuard recovery solution?
A: Howard LifeGuard recovery solution is a smart recovery management system. If your PC becomes unstable or your operating system is damaged, then the Howard LifeGuard recovery system can restore your system to factory condition or a backup you've created. The LifeGuard system can be used by pressing F4 at the PC's startup screen.

Q: Whom should I contact for support?
A: Call Howard Technology Solutions for world-class support and service if there are any questions about the desktop. Customer support is available online at http://www.howardcomputers.com/support, through phone at 1.888.323.3151, by email at tech@howardcomputers.com or by traditional mail at Howard Technology Solutions, 36 Howard Dr., Ellisville, MS 39477.

Experience the Howard advantage.
