Go from multi-tasking to MEGA-TASKING!

The new Howard™ 7900 desktop delivers the ultimate mega-tasking experience! AMD's Phenom™ processors, specially designed to run multiple, multi-threaded applications, enable you to surge through the most challenging processing loads, from critical business productivity to digital entertainment. The 7900 comes equipped with high-speed connectivity and loaded with in-demand features like ATI's Radeon HD3100 for a full multimedia experience, and advanced dual-monitor support. For true flexibility and phenomenal overall system performance— Make it happen with the Howard™ 7900!

Howard Technology Solutions recommends genuine Microsoft® Windows® XP Professional.
