REDEFINING HEALTHCARE TECHNOLOGY

In 1968, a young Billy W. Howard, Sr. left his successful career at General Electric to return to his native Mississippi and create his own company, Howard Industries. Over the decades and with the assistance of his wife, Linda, Howard Industries has grown to become a billion-dollar company consisting of several separate divisions, plus a wholly owned subsidiary, Howard Transportation. While the Howards readily attribute their success to the hard work of their employees and their commitment to creating, supplying, and supporting superior products and services, you cannot overlook their inspiration.

Howard Power Solutions

Founded in 1968, it has become the world's leading manufacturer of electrical distribution transformers.

Howard Medical

A division of HTS created in 2003, specializing in Point-of-Care carts and technology

Howard Transportation

Carrier truck line established in 1982

Howard Technology Solutions

Began operation in 1998; manufactures Howard desktops, notebooks & servers; offers over 300,000 products

Howard Store

Created in 2012 as a consumer shopping site

Howard Education

A division of HTS that focuses solely on K12 and Higher education

Howard Lighting

Established in 1994; manufactures safe, energy-efficient LED lamps, fixtures, and ballasts

Howard Enterprise

A division of HTS that serves Federal, State, and Local government agencies and business entities
