Seal Shield™ Features and Benefits

100% Waterproof

Seal Shield™ waterproof technology (Patent Pending) means those products designated as waterproof are fully submersible* and manufactured to meet rigorous NEMA 4X and IP68* specifications.

100% Spillproof

When accidents happen, rinse off the product and put it back to work. Your Seal Shield™ product comes out clean and ready to use.

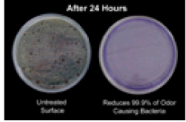

Durable and Eco-Friendly

Our keyboards and mice are manufactured from non-corrosive components and certified to be RoHS compliant. All keyboards and mice (except SSF106) carry the Seal Shield™ limited lifetime warranty.

Dishwasher Safe

Seal Shield™ keyboards and mice are easy to clean. Just put them in the dishwasher to thoroughly clean and disinfect the unit.

Silver Seal™ Protection

Many of our products are protected with Silver Seal™, an antimicrobial, fungistatic agent which makes the product greener and fresher by inhibiting the growth of microbes, odor-causing bacteria, mold, mildew and fungi on the product's surface.
