

## MID-SIZED LECTERN

# Masters Interactive Lectern™

## Feature rich and stylish

With a standard locking pull-out drawer, professional storage design and back panels to ease integration, the Masters is capable of much more than custom lecterns.

Why pay the price of a custom lectern when the Masters can deliver so much more?

## Classy Choice

### Smart Integration

- Rack space, access front and rear, viewing panels, and grommets make this the master of mid-sized lecterns
- Pull-out locking drawer with full-extension ball bearing drawer slides provides security and quick document camera access
- Accommodates optional Overbridge Control Console™

### Creative Design

- AV integrators will appreciate this lecterns intelligent design
- A custom-made wooden expression for any setting
- Stylish design features solid wood accents and steel skirt
- Blank worksurface and overbridge versions allow custom cutouts

### Functional

- Opens up easily and locks up tight when not in use
- Includes options for any multimedia environment
- Standard brackets allow the front and rear rack rails to be moved further inside the unit to accommodate larger knobs and plugs

### Robust Construction

- Ventilation provides "chimney effect" airflow keeping equipment cool
- Architects and designers love the robust steel construction with a pleasing, wood appearance
- Double-bolt, keyed locking front doors provide security and easy-access
