

Howard Technology Solutions Arkansas State Contract SIMPLIFY PROCUREMENT AND MAXIMIZE YOUR BUYING POWER.

We're dedicated to ensuring that our customers are equipped with the IT products and services they need. To that end, we are pleased to announce that Howard Technology Solutions is an approved reseller of the following products via this Arkansas State contract.

NASPO VALUEPOINT CONTRACT - #4600035740 NASPO approved products/manufacturers by band

Please keep in mind that just because a manufacturer is listed does not mean we can sell every part number they offer in a particular category. This is intended to be a quick reference guide as to which manufacturers we have listed in each Band on the contract. You must check the approved Product and Services Schedule (PSS) found on our NASPO contract site www.howardcomputers.com/naspo2015 or the NASPO ValuPoint website to be sure the manufacturer and the part number are approved under the contract.
