

ASUS Chromebox

The ASUS Chromebox is fast, easy to use and secure. With a Chromebox you choose your own screen size and you can connect to multiple displays at once. Comfortably watch your favorite YouTube videos, put the final touches on a home video or play your favorite music.

Compact, but powerful.

It's simple to use - no clutter, no waiting, and no nagging. It boots up in 7 seconds, automatically stays up-to-date without interrupting you and comes with virus protection built-in, guarding you against viruses, malware and other potential problems.

Get everyday things done.

Your favorite apps are built-in and one click away. The Chrome Web Store has thousands of more apps so you can outfit your Chromebox how you like.

- Chat: video chat with up to 9 people for free using Hangouts
- Music: Stream millions of songs to organize your music collection using Google Play Music
- Movies: Watch TV shows and movies, anytime using Netflix or Google Play Movies & TV
- Work: Write a quarterly report or collaborate on a presentation using Google Docs, Sheets and Slides
- Office Files: Open, edit and share Word and Excel files using the free, built-in editor
- Offline: Keep getting stuff done when you're disconnected from the web using offline apps like Gmail and Google Docs

Hassle-free computing

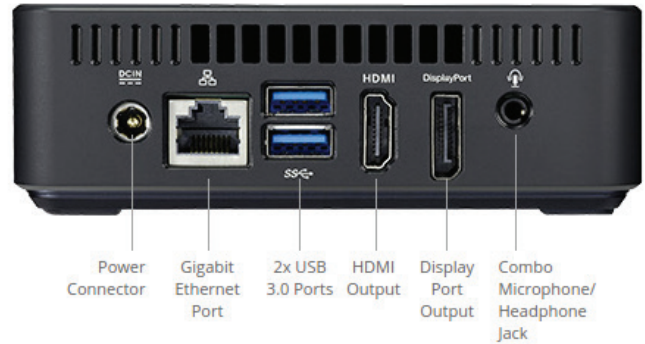

Chromebox runs Chrome OS, an operating system that's fast, simple and secure.

- Boots in seconds and stays fast over time
- Easy to share. Switch between accounts in a snap.
- Built-in virus protection, multiple layers of security, and verified boot keeps you safe from viruses, malware and more
- Chrome OS updates itself, for free. So you always have the latest and greatest version. No need for manual downloads and upgrades
- Keeps your files safe, with Google Drive built-in, your files and photos are automatically backed up. You get 100GB of storage, for free.*

*100GB of free storage is for 2 years, starting on the date you redeem the Drive offer.
