Howard Technology Solutions recommends Windows VistaTM Business

Introducing the groundbreaking Toughbook Arbitrator—a rugged revolution in law enforcement video capture.

The Toughbook[®] Arbitrator is a rugged and durable mobile digital video system specifically engineered to excel in the demanding environments law enforcement personnel face every day. Built with legendary Toughbook reliability, this fully-integrated system offers unparalleled video capture, storage and transfer—and is designed to work with back end software for seamless video management, including archiving and retrieving. Capture it all with the Toughbook Arbitrator.

DURABILITY FEATURES

- Full magnesium alloy case
- Temperature- and vibration-resistant
- Dust- and splash-resistant
- Rugged mount ensures stability and dissipates heat

KEY FEATURES

- Entire system is easily installed: simply mount the camera and wireless receiver in the front of the vehicle, while the recorder with 4GB P2 card can be installed in either the front console of the vehicle or in the trunk
- Camera is temperature-, vibration- and dust-resistant
- Camera's nearly 70 degree wide-angle lens provides an exceptionally large field of view
- Infrared technology allows for viewing even in complete darkness
- High-capacity reusable 4GB P2 card stores up to 16 hours of video data that can be rewritten
- Recorded files can be archived on a local/external hard drive or DVD-R/CD-R and transmitted via 802.11g or other high-speed wireless networks
- Bundled with powerful yet user-friendly software designed for public safety
- Open-system software ensures maximum compatibility and stability
- Compatible with a variety of Panasonic Toughbooks and most other notebook PCs
