

Space-saving, value-priced all-in-one

Howard's new M10BN1 all-in-one provides a value-priced, space-saving alternative to traditional desktops. It has everything you need to create word documents, view photos, and perform basic web-based tasks like emailing or surfing the Internet. Powered by Intel's dual-core Atom™ D525 processor with built-in graphics, the M10BN1 delivers optimal performance at the lowest power, which translates into reduced energy costs for you. Cool-running, near-silent performance adds to its appeal, while its ultra-small footprint makes it an easy fit anywhere space is at a premium. Reliability and a solid warranty complete the package, making the Howard™ M10BN1 a tremendous value!

Howard Technology Solutions recommends genuine Microsoft® Windows® 7 Professional.

Q: What about processor options?

A: There are no processor options for the M10B because the Intel® Atom™ processor is integrated onto the motherboard.

Q: What is the Intel® GMA 3150?

A: The GMA 3150 is one of Intel's integrated graphics chipsets that features 3D enhancements, enabling greater flexibility, scalability, and improved realism, with support for Microsoft® DirectX 9.0.

Q: Where would I use the Howard M10B?

A: The M10B is designed to be used as a low cost, low power, space-saving desktop.

Q: Whom should I contact for support?

A: Call Howard Technology Solutions for world-class support and service, if there are any questions about this desktop. Customer support is available—online at <http://www.howardcomputers.com/support>, via email at tech@howardcomputers.com, by phone at 1.888.323.3151, or conventional mail at Howard Technology Solutions, 36 Howard Drive, Ellisville, Mississippi, 39437.

Experience the Howard advantage.
