A lot of PC in a little package!

The Howard™ 2go Companion PC is an Intel-powered classmate PC specifically designed for learning and growing! An ideal mobile personal learning device for primary students, ages 5-14. Developed specifically to enhance teaching and learning, the 2go engages children with "real PC" performance in a rugged, kid-friendly design that is lightweight and easy to carry. The Howard 2go includes practical, education-oriented features that improve the learning experience for students, parents, teachers, and schools.

Howard Computers recommends genuine Microsoft® Windows® XP Professional.
