

IMPORTANT NOTE

Your order has been processed as you requested with an Academic Open License of Microsoft® Server 2003 installed as your operating system. This has been provided to you in three parts: an O/S license, a media pack, and a set of client access licenses.

What does this mean to me?

In order to use the software purchased, you will first need to obtain the associated product key from Microsoft® online. Someone in your organization should receive an email from Microsoft® confirming the purchase of the Academic O/S license before you receive your shipment. Simply, follow the link provided in the email from Microsoft® to obtain a set of Open License product keys associated with your order. Make sure you use the product key that matches the software installed on your system.

Will this method of installation impact performance?

No

Who do I contact for assistance should a problem arise?

Should you have questions or need assistance in obtaining the correct product keys from Microsoft®, please contact Howard Technology Solutions' Customer Service by phone at 888.323.3151 or email a representative at tech@howardcomputers.com.
