

HOWARDedu

During LACUE, join the HOWARDedu Sales team for a series of **FREE** Education Technology presentations.

WHEN Wednesday December 9, 2015

WHERE LACUE Classroom Number 1

COME IN TO WIN GREAT PRIZES!

DRAPER

8:00-8:50am Why projection screens? Why Draper?

Presenter Gretchen Donaldson

9:00-9:50 How to Make Mobile Technology Work in the Classroom

Presenter Tyce Miller

Synopsis Technology is disrupting education more than ever before. Mobile technology is evolving at a faster rate than traditional IT, and many schools are struggling to keep up. IT and Instructional Departments have not typically collaborated at the level required for mobile learning. This is causing enablement initiatives to fall short of expectations. Learn how the best practices for mobile enablement in technology and professional development are bridging the gap between IT and Instruction, and taking mobile learning to the next level.

10:00-10:50 Virtualization with HVE-Apps, Desktops and Chromebooks

Presenter Dave Harmon

Synopsis Learn how HVE can improve your virtual environments using apps, desktops, and Chromebooks to enable the classroom to run more efficiently.

mimio

11:00-11:50am Student Devices...Now What?

Presenter Leigh Ann Hopkins

Synopsis Use MimioMobile with student devices to demonstrate engaging students throughout the teaching and learning process
