## WIN OVER CUSTOMERS. GET THEM TO MOVE ON.

ENABLE MIGRATION FROM WINDOWS® XP WITH THE FLEXIBLE  
THINKCENTRE® E93z ALL-IN-ONE.

Microsoft® is going to end support for Windows® XP on 8<sup>th</sup> April, 2014. This means that there will be no more software updates for the OS, exposing companies to spyware, malware, viruses and security breaches. Which is why, Lenovo recommends migrating to new Windows 8 optimized desktops like the versatile ThinkCentre E93z All-In-One.

Built for enterprise-class performance, the ThinkCentre E93z is powered by the latest 4<sup>th</sup> generation Intel® Core™ processor. It's fitted with the ThinkCentre UltraFlex Stand that tilts, swivels and reclines according to your customers' needs. And that's not all. The E93z comes packed with productivity enhancing features, making it the ideal choice for those looking to migrate to Windows 8.
