

Help take education to the next level.

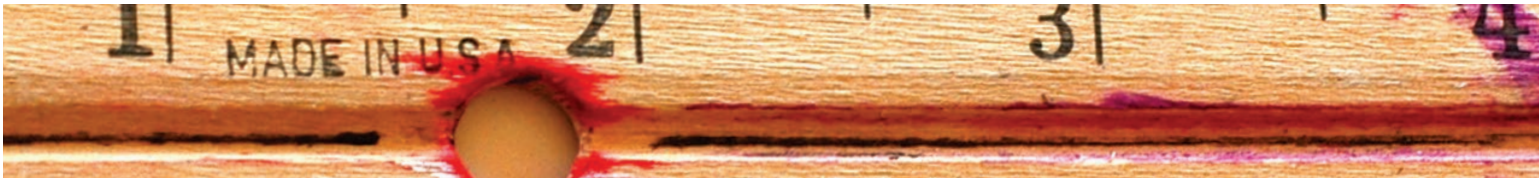

At Lenovo, we are committed to providing teachers and students with technology that empowers learning, which is why we are proud to partner with Microsoft on their Shape the Future initiative. This program enables you to provide K-12 public schools with a wide range of innovative products at reduced prices, ensuring that students get access to the right tools and resources to help build a better tomorrow for us all.

See the other side for information on one of our featured products and program details.

lenovo FOR
THOSE
WHO DO.

Shape the Future Program Details

When does this program begin?

Now. The product announcement letter and PAB have both been published.

How do you participate?

Contact your distributor and reference pre-approved special bid #6500180504.

How does the pricing work?

Your distributor can give you the aggressive pricing. All the distributor needs to do is to confirm that your customer is on Microsoft's list of approved US public K-12 customers.

Are these prices combinable with other promotions?

The Shape the Future PAB is not combinable with other PABs. However, it is combinable with other program letters (HQF letters, etc.).

What customers qualify?

Any US public K-12 institution.

What products qualify?

Lenovo has created 17 TopSeller models to make it easy for you to order. Prices start at \$399!
