

HOWARDTM
INDUSTRIES, INC.

The **Howard** Story

The Howard Advantage starts with being an actual manufacturer by trade, and not simply an integrator of parts. Howard Industries, our parent company, was founded in 1968 by Billy Howard, Sr. Over the past five decades, this company has grown to become the nation's leading manufacturer of distribution transformers, with nearly 9 million transformers in service throughout the United States and abroad.

Howard manufacturing and professional services support a variety of vertical markets. We provide government agencies and schools with innovative and affordable technology, help medical facilities maximize productivity, and give businesses an edge by reducing costs and increasing revenue. From single components for small organizations to large-scale solutions for enterprise level operations, Howard supplies superior technology and customizes it to fit your needs.

Divisions of **Howard Industries**

Howard **Power Solutions**

Created in 1968 specializing in Oil-filled Transformers

Howard **Store**

Created in 2012 as a consumer shopping site

HOWARD **POWER SOLUTIONS**

Howard Power Solutions, originally known as Howard Industries, was founded in 1968 by Billy W. Howard, Sr. Over the past four decades, this company has grown to become the world's leading manufacturer of distribution transformers, with over 9 million transformers in service throughout the United States and abroad. Located in Laurel, MS, this facility has 2.3 million square feet, making it the largest transformer plant in the world. Our newest transformer division, Howard Substation Transformers, located near corporate headquarters, began manufacturing operations in April 2005, producing power transformers with higher KVA and voltage ratings

HOWARD **TRANSPORTATION**

Howard Transportation (HT), a wholly owned subsidiary of Howard Industries, Inc., operates a full-load, long-haul, flatbed common carrier truck line and brokerage firm that transports commodities and industrial goods throughout the continental United States. Originally established to transport Howard Power Solutions' raw materials and finished products, this division, today, consists of over 200 tractor/trailers with regional terminal facilities located in Mississippi and North Carolina.

HOWARD **LIGHTING**

Howard Lighting designs and manufactures safe, energy-efficient lighting products that minimize impact on the environment. We offer a full line of LED, fluorescent, and halogen lighting fixtures; electronic, magnetic fluorescent, and HID ballasts; and lamps for indoor/outdoor, residential and commercial applications. Howard designed lighting systems are all manufactured and tested in Mendenhall, Mississippi. From illuminating home and work environments to lighting the way on residential streets and improving security, Howard is your one-stop-shop for lighting solutions.

HOWARD **INTERACTIVE KIOSKS**

Howard Interactive Kiosks give businesses the power to connect. Our convenient, easy-to-use kiosk and digital signage solutions expand your ability to reach customers and employees, utilizing self-service applications to deliver information, facilitate transactions, print documents securely, and much more. They offer advantages that traditional brick-and-mortar operations cannot provide by being accessible 24/7, while minimizing overhead costs.

Howard Interactive Kiosks, complete with your logo and other brand standards, can establish a fresh, modern company image, reinforce your identity, and assist you in building brand loyalty. Kiosk solutions help keep your business front-and-center in the minds of customers and, even, potential customers.

Howard Industries knows that good communication and exceptional service pay big dividends in customer loyalty; in fact, Howard's reputation for outstanding customer service is one thing that sets us apart. We have the technical expertise in both hardware and software self-service solutions and the ability to provide sustainable service and support over years to come.

Howard Interactive Kiosks offer flexible and customizable solutions for an array of markets
