## Howard-RD Mini Desktop Stylish, energy-efficient space-saver

### Intel® 8<sup>th</sup> Generation processors

In the world of computers, minis are in! And just so you know, what makes a mini small doesn't make it less powerful. Consider Howard's new RD Mini. Powered by 8<sup>th</sup> generation Intel processors, this full-featured mini delivers the same reliability and high-speed performance as larger, more costly computers and manages demanding applications just as efficiently. It's compact, so placement is not a problem; in fact, it can be VESA-mounted to the back of a monitor easily, so it doesn't take up valuable work space, a feature that makes it perfect for use on mobile and medical workstations—anywhere space is at a premium. Advanced hardware safeguards of 5X Protection II ensure long-term durability, so you can expect the max from this mini—the RD Mini from Howard.

**Ideal for use on medical carts, in computer labs, home, and office—anywhere space is at a premium!**

### Thin Mini-ITX

Designed and engineered to support business environments where operational efficiency and effectiveness count—compact, capable, Thin Mini-ITX based all-in-one PC

### LANGuard

Hardware-level networking protection for total reliability—greater tolerance to static electricity and improved protection against surges

### 5X Protection II

Advanced hardware safeguards for all-round protection

### The Howard Advantage!

With every Howard product purchase, you receive the following for **FREE!**

- Phone and web tech support for the LIFE of your system
- 100% US-based, English-speaking customer support 24/7/365
- Phone hold times < 1 minute

## Howard-RD Mini Desktop Specifications

### Chipset

Intel® H310T

### Operating System

Microsoft Windows® 10 Pro 64-bit

### Supported Processor Families

Intel® for 6<sup>th</sup> and 7<sup>th</sup> Generation Core™ i7, Core i5, Core i3/Pentium®/Celeron®

### System Memory

Up to 32GB of DDR4 (2 Slots, DIMM)

### Audio

Realtek® ALC887 7.1-channel high definition audio CODEC

### Network

Realtek® RTL8111H, (1) Gigabit LAN  
Intel® I219V, 1 x Gigabit LAN

### Internal Ports

- (3) USB 2.0, support for additional 5 USB 2.0
- (1) M.2 Socket 1 /E key, type 2230 Wi-Fi support
- (1) M.2 Socket 3 with M key, type 2242/ 2260 storage devices support (SATA & PCIE)

### External Ports

- (1) Display
- (1) HDMI
- (2) LAN (RJ45) ports
- (4) USB 3.0 (blue)
- (2) audio jacks
- (1) DC power connector

### Chassis Technical Specifications

Dimensions: 7.4"(H) x 7.5"(W) x 2"(D)

### Weight

Approximately 5lbs

### Power Supply

90W External power adapter

### Warranty & Support

- Howard Technology Solutions' standard warranties apply.
- FREE** customer and technical support to purchaser via telephone or web for the life of the system.
- Expedite your troubleshooting process by participating in our Howard Technical Partnership Program (HTPP) which certifies your staff to perform basic hardware service and support. Contact us today for more information.

### FAQs:

#### Q: What is the benefit of ASUS EZ Flash 3?

A: ASUS EZ Flash 3 allows you to download and update to the latest BIOS through the Internet without having to use a bootable floppy disk or an OS-based utility.

#### Q: What are the benefits of LANGuard?

A: LANGuard is hardware-level networking protection that employs signal-coupling technology and premium anti-EMI surface-mounted capacitors, ensuring a more reliable connection and better throughput, plus electrostatically-guarded and surge-protected components for greater tolerance to static electricity and improved protection against surges.
