Product Heading/Tagline (ie. 25-Word Description) The flagship Logitech® G903 LIGHTSPEED Wireless Gaming Mouse meets next-gen HERO 16K gaming sensor for incredibly precise gameplay and 10X the battery efficiency of previous generations.

Feature Benefits HERO 16K Sensor: our most advanced, with 1:1 tracking, 400+ IPS, and 100-16,000 max DPI sensitivity — plus zero smoothing, filtering, or acceleration, and 10x power efficiency of previous gen. LIGHTSPEED Wireless: pro-grade 1 ms report rate, no cable drag, no compromises on weight or battery life; esports professionals depend on LIGHTSPEED's responsiveness and reliable connectivity 140 Hour LiPo Battery: super-efficient system design results in almost 6X the battery life of previous gen; lasts for up to 140 hours with LIGHTSYNC RGB lighting, and up to 180 hours without POWERPLAY wireless charging: Never worry about your battery life again. Add the POWERPLAY wireless charging system to keep G903 and other compatible G mice charged while at rest and at play.*

*POWERPLAY Wireless Charging System sold separately
 LIGHTSYNC RGB: full-spectrum lighting responds to in-game action, audio, and screen color; customize lighting effects from ~16.8M colors with G HUB gaming software, and sync across G gear
 Advanced Button Technology: metal-spring button tensioning keeps primary left and right buttons poised to trigger with less force, for exceptional button feel, response, and consistency every time
 Ambidextrous Design: configurable button layout lets you adjust for left- or right-handed use; use G HUB gaming software to customize 6-11 buttons
 PVC-free and Plastic Neutral: one of few peripherals with a plastic neutral certification; each purchase helps Logitech fund Plastic Bank programs that remove ocean-bound plastic from the environment

Package Contents Gaming mouse
 LIGHTSPEED wireless receiver
 Charging/data cable
 Accessories case
 Optional receiver extension adapter
