**Live. Dare. Create.**

#### Designed for the way you create

By far our most advanced mobile model, Wacom MobileStudio Pro lets you see your artwork in detail with 4K resolution and up to 85% Adobe RGB coverage (CIE1931) and helps you speed your workflow with time saving productivity features like customizable ExpressKeys™, Radial Menus and multi-touch.

Wacom Pro Pen 2 offers advanced pen performance with an instinctive pen-on-paper feel thanks to the etched glass surface that creates that nice natural friction. With 8,192 levels of pressure sensitivity, tilt response and virtually lag-free tracking, the pen delivers precision and control. Ergonomically designed, its balance, grip and side buttons allow you to reach the highest levels of quality in comfort.

Equipped with Intel® chips, powerful memory and storage configurations, plus a range of high-performance graphics options including NVIDIA® Quadro® graphics, Wacom MobileStudio Pro is ready for the high demands of creative 2D, 3D and CAD applications.

Wacom MobileStudio Pro is the all-in-one creative studio that allows you to create and showcase your best work wherever you are.

#### The MobileStudio that's right for you
