⑦	Power switch: LED flashes green

**FCC regulatory conformance :**

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**NOTE :**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**NOTE :**

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

**RF Exposure**

This equipment complies with FCC radiation exposure limits set forth uncontrolled environment.

Samsung Electronics America, Inc.

## **IC regulatory conformance**

This device complies with CAN ICES-3 (B)/NMB-3(B).

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

## **RF Exposure**

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment.

## **EU regulatory conformance:**

RF exposure information: The EIRP power of the device at maximal case is below the exempt condition, 20mW specified in EN62479: 2010. RF exposure assessment has been performed to prove that this unit will not generate the harmful EM emission above the reference level as specified in EC Council Recommendation(1999/519/EC).

Bluetooth Operation frequency(Max power) :  
2402-2480MHz

**Hereby, BOW , declares that the radio equipment type EJ-B3400 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [www.samsung.com](http://www.samsung.com)**

## **UK Regulatory Conformance**

**Hereby,we(BOW) declared that this device is in compliance with the essential requirements and other relevant provisions of Radio Equipment Regulations 2017.**

The product can be used in EU countries without any restriction .

## Product specification

- Operating frequency: 2402-2480 MHz
- RF Output power:TBD
- Hardware version: TBD
- Software version: TBD

1) Bluetooth Easy Pairing : Easy Pairing is available on Samsung mobile devices.

(SmartThings app version 1.7.6 or later is needed.)

2)Swift pairing is available on the Microsoft Win 10 devices.

## Correct disposal

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste.

AEEE Yönetmeliğine Uygundur

This product is India RoHS compliant

Ce produit est en conformité avec la directive RoHS
