

A7 Kiosk

Howard A-Series A7

Tabletop kiosks are ideal for use in a variety of business applications. They help eliminate long waits and make ordering, updating information, and payment processes smoother, faster, and more secure, all of which contribute to a more positive customer experience. Table-top kiosks are less expensive than full-size models and much easier to move from one location to another.

If the challenge exists, let Howard Interactive be your company's ultimate solution.
