

## Help your K-12 customers manage and secure every student device — no matter where it is

- Enable customers to locate and recover student devices via hardware embedded digital tether
- Help customers discover IT budget savings by reallocating under-utilized devices or recovering lost hardware
- Keep students safe with resilient encryption and enforce an effective internet Safety Policy
- Absolute fulfills CARES Act audit requirements by helping to ensure funds are used as required and reach intended recipients

### How to start the conversation:

**Q: Can you currently validate device utilization and correlate it to student performance across the district?**

**A:** Absolute compares usage at school/classroom/student levels. This allows you to identify gaps and boost learning outcomes.

**Q: Do you know where your devices are and can you get them back?**

**A:** Locate and recover devices that were not returned, saving money and avoiding waste, keeping you compliant with CARES Act Funding

# Get an additional 12% DISCOUNT!

## On top of already discounted SLED pricing

Available for **Absolute Resilience** and **Absolute Control** (one through five year terms),  
with both new and existing hardware
