

HX860

POWERED BY HOWARD INNOVATION

Affordable Performance

Compete with confidence and maximize productivity; ensure data integrity and expandability. You can do all that and more with Howard's HX860 workstation. Powerful Intel® Ultra Core™ processors deliver the power, flexibility, and high-speed performance you need, so you can have more apps open simultaneously, and background tasks won't slow you down. For professionals using design software for content creation, CAD, VR rendering, and engineering or serious gamers competing in esports, the HX860 from Howard is a reliable and affordable choice.
