Mayhem is Havoc's powerful gaming system that is as good for conquering virtual worlds as it is for video editing and a myriad of other graphic and data-intensive processes.

Powered by Intel® Core™ Processors (Series 2), Havoc's Mayhem features Intel's Z890 chipset, HDMI & USB ports, 256GB of DDR5, and a blazing fast transmission speed for maximum gaming potential. And, Mayhem ***is totally cool***—both aesthetically and thermally—from bright, RGB LED lighting that can be set to dazzle a 100 different ways to liquid cooling and Blizzard Series intake fans that ensure it stays as cool as it looks.

Mayhem delivers all the speed and responsiveness you need for competitive gaming, now and in the future. How, you ask? Well, ***you*** are the key. Mayhem is designed so that ***you*** can upgrade easily. We mean: ***You can do it***! And we're here to help for the life of your unit.

From esports to workloads or vice versa—Mayhem is the system that does double duty! So, rack up some raids and deal a little damage with the Mayhem gaming system from Havoc.

Mayhem means—Game Won!
