

# R5 Tabletop Kiosk

## Howard R-Series R5 Tabletop

Tabletop kiosks are ideal for use in a variety of business applications—food and beverage, utility, hospitality, and transportation. They help eliminate long waits and make ordering, updating information, and payment processes smoother, faster, and more secure, all of which contributes to a more positive customer experience. Tabletop kiosks are less expensive than full-size models and much easier to move from one location to another as needs dictate.

Allow all of your services and payment actions to be in one place with the R5 Tabletop Kiosk
