- Two year warranty

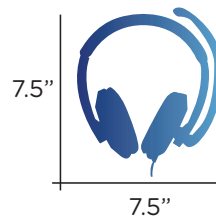

Product #: TW-210

ABOUT:

The Ultra Durable Pro TW210 was designed exclusively by ThinkWrite Technologies from the ground up with the singular goal of creating a better sounding, more comfortable over-ear headset. Informed by our professional classroom and audio experience, the Ultra Durable Pro Headset provides sustained comfort paired with superior sound, unique voice-capture capabilities, and ThinkWrite’s signature durability.

The Ultra Durable Pro Headset features ergonomically-designed soft contour 100%-contact ear cushions, improved sonic quality, and ThinkWrite’s unique ear cup swivel technology. This allows ears to remain protected from the stress of compression, the distraction of background noise, and strain of damaging frequencies over longer listening periods. With 40mm drivers delivering exceptional sound quality, entirely over-the-ear cushions providing unparalleled comfort, and an adjustable boom with a noise-reducing uni directional mic capsule, the TW210 is the ideal over-ear headset for school, office, and everyday usage.
