

Work Anywhere™ Laptop Triple HD Display Docking Station Kit

Comprehensive's Work Anywhere™ Laptop Triple HD Display Docking Station Kit brings together one of our amazing VersaDock™ triple display docking stations and all the necessary cables for you to connect your USB-C or Thunderbolt 3 enabled laptops to any HDMI and/or VGA external displays. This Connectivity kit is perfect setting for anyone looking to expand their laptop into a desktop computer workstation and improve productivity wherever you may be...at home, in the office or classroom.

Work Anywhere, Anytime

This easy to use Work Anywhere™ Kit was designed specifically for use with the latest laptops and conveniently compiles a Comprehensive VersaDock™ triple display dock and necessary cables into one convenient kit for connecting your either a Windows® laptop or MacBook® into a full desktop computer workstation with connecting triple displays.

Be More Productive - Wherever You Work

This Work Anywhere™ Kit allows you to connect to up to three displays with the included triple display VersaDock™ docking station, cables and the accessories. You can also sync data at 5G fast speed, wired networking and charging your laptop at the same time.

Plug and Play and Backwards Compatibility

The CCK-WAK05 features simple plug and play capability with no drivers or software required. Simply plug in and you are ready to get to work! It is compatible with Thunderbolt 3 and backward compatible to USB 2.0 and USB 1.1 for additional convenience.

Dock and Charge with USB-C Power Delivery

With this Work Anywhere™ Kit you can conveniently dock and charge your laptop via USB-C Power Delivery with up to 60W charging power when plugging into AC power via the included USB Type-C wall charger. This ensures you always have the additional power you need when necessary.

Quality And Reliability

Backed by a 3 Year limited warranty, you can be assured of Comprehensive's famous quality and reliability.
