Preparing for Digital Literacy in the New Age

Have you experienced a fear or uncertainty of not knowing all that is needed to know when it comes to planning, implementing and maintaining digital learning in this new age of education?

HOWARDedu is focused on working with colleges and universities nationwide to ensure their instructors are prepared and equipped with the right skills to successfully plan, implement, and support digital learning in the new age. HOWARDedu's Fusion Professional Learning provides professional learning opportunities to instructors and administrators that empowers them to adapt technology to fit their own classroom goals, and provide solutions for integrating specific technologies into pedagogical practice.

HOWARDedu can provide Virtual Professional Learning to education professionals to give them the confidence to deliver online instruction and be effective. Virtual Professional Learning offered by HOWARDedu is sold in **blocks of 10 Hours for \$1,000**. These hours can be broken into multiple sessions and topics to meet the ongoing needs of faculty members.

Jumpstart Instructor Skills for Today's Education Environment.

Listed below are potential topics that HOWARDedu Teaching and Learning Coaches can provide to College and University Staff to gain skills for successful implementation of digital learning:

- Getting Started with Distance Learning
- Organizing Curriculum Resources and Materials
- Building a Productive Culture for Online Learning
- Introducing Content to Students
- Communicating with Students
- Engaging Students with Online Learning
- Tips, Tricks, Tools and Best Practices with Zoom/Google Classroom
- Using G-Suite for Collaboration and Communication

NOTE | Additional topics will be based on instructor needs/support. Sessions can be broken into Instructor Roles based on Curriculum. Maximum number of participants in each session is 15.
