**IMPORTANT:**
- Read all instructions carefully before attempting installation. If you do not understand these instructions, please consult your local distributor.
- Thoroughly inspect the fixture for any freight damage; freight damage should be reported to the delivery carrier.

**WARNING:** Disconnect power during installation and before servicing.

**SAFETY:**
- This fixture must be wired in accordance with the National Electric Code and applicable local codes or ordinances.
- All work should be performed by a qualified electrician.
- To insure personal safety, proper grounding is required (connect green fixture lead to supply ground).

**MOUNTING:**
1. Open the fixture from the front by removing the two screws located on the right side of the housing.
2. Unplug door and led assembly wiring harness from backplate.
3. Lift lens door and led assembly off hinges and aside for later reinstallation.
4. Knock out / drill holes in the rear housing for mounting fixture to wall and for securement to junction box (j-box not provided).
5. Apply silicon sealant (not provided) to any holes to prevent water entry.
6. Secure fixture to wall with two or more screws (not provided).
7. Secure fixture to junction box with screws.

**WIRING CONNECTIONS:**
8. Connect the black fixture wire to the black supply wire (line).
9. Connect the white fixture wire to the white supply wire (neutral).
10. Connect the green fixture wire to the junction box ground wire.

**REASSEMBLY / LAMP INSTALLATION:**
11. Reinstall door and led assembly.
12. Plug wiring harness back together.
13. Close door replace the two screws located on the right side of the housing lens door.

**TROUBLESHOOTING TIPS:** If the fixture fails to operate properly, check the following:
- Verify proper line voltage is present and wired to the correct ballast input voltage lead.
- Verify fixture wiring (refer to schematic printed on ballast label).
- Verify that the fixture is grounded.

**WARNING:** This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
